Greetings from your California Association of Natural Family Planning! CANFP was founded in 1993 by a group of physicians, NFP instructors, and clergy to support those practicing family planning in California. The goal of CANFP is to educate Californians about the grave damage done by artificial contraceptives, train folks in the natural methods, and support them in their continued usage. CANFP does this by providing training for seminarians and clergy, by our newsletter and website, by publishing booklets and DVDs, among other means.

In 2013, CANFP marks its twentieth year of service to the people of California. 2013 was also the “Year of Faith” in the Catholic Church, marking the 50th anniversary of the Second Vatican Council. This Council urged lay Catholics to bring the joy of the Gospel to their cultures, meeting new challenges as history unfolds, and this is just what CANFP has done for 20 years. Pope Francis has urged us to “go out to the margins” and engage the world in a New Evangelization. Key to that New Evangelization is outreach to the family by strengthening marriages. Arguably, contraception and the misunderstanding of sexuality that it engenders is the single greatest obstacle to healthy marriages, families, and society. Won’t you help us educate, train, and support couples in the healthy, natural, and sustainable exercise of their sexuality in order to build up a culture of life in our State of California?

We thank you for your support of CANFP in the past, and we invite you to consider an end-of-year gift. We receive no financial support from any Church or government agency, and so depend entirely on private gifts.

Yours Sincerely,

Fr. Joseph Illo
